

Installation Instructions

Series # 14

Handshower Wall Bracket with Outlet and Check Valve

Tools You Will Need

Adjustable Wrench

Screwdriver

Teflon Tape

For easy installation of your faucet you will need:

- To read all the installation completely before beginning.
- To read all warnings, care, and maintenance information.
- To complete the deck and valve rough-in prior to installing this trim kit.

Installation Instructions

Apply teflon tape to supply nipple. Thread on supply nipple to 1/2" NPT water supply. Apply teflon tape to supply nipple and thread on bushing with 12mm allen wrench.

Slide on hand shower supply outlet trim assembly and secure with set screw.

Cleaning Instructions

- Only use a soft, dampened sponge or cloth to clean and polish the fixture.
- Wipe fixtures and the immediate areas clean and rinse completely with water immediately after installation and after applying any cleaner.
- If you are using a cleaning compound on or close to the product, please test the compound on a hidden area of the trim to ensure it will not damage the finish.
- Do not allow cleaners to soak anywhere on the product.

Applicable Standards/Codes
